The Dolomites, the mountains par excellence, characterized by a pinkish white that takes on different colors depending on the time of day, are the destination of this autonomous trip. An experience for continuous alpine hunting passes through many of these famous, others a little less, going through some of the most beautiful and suggestive natural contexts, recognized as a World Heritage Site by UNESCO. An itinerary of a few days where the pleasure and joy of riding a motorcycle become a daily and satisfying necessity, which can only partially, although in a somewhat impressed way, be tempered by the spectacular nature of the landscapes. It is possible to extend the experience with a few more days available: one for one of Europe's smooth roads, the Stelvio Pass, which will be forced to include the Gavia Pass, our favorite; the other for a panoramic loop of Lake Garda, one of the most popular tourist destinations, surrounded by rugged mountains.
