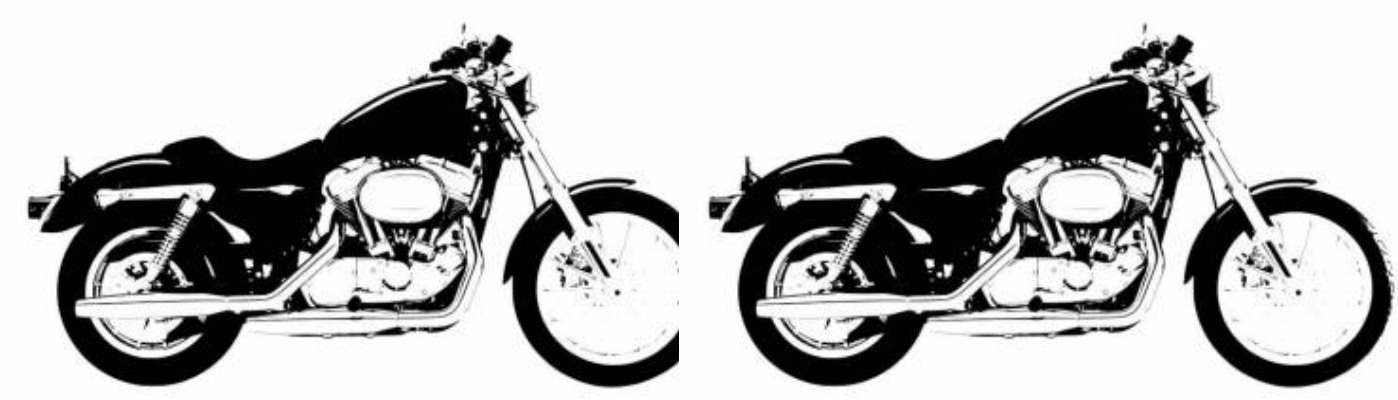
THE ONLY EUROPEAN TOUR IN THE DESERT /// OPTIONAL MOTORCYCLE RENTAL.
Just over an hour from Granada, you will find one of the natural paradises of Spain, the Gorafe Desert GEOPARK. Declared world heritage by UNESCO in July 2020 No image you have before of a desert will be the one you find among these incredible landscapes. Canyons, ravines, fairy chimneys, cave houses, red earth and one of the best skies in Europe. When we discovered it on two wheels, we were left speechless.

RENTAL RULES

We have a BETA XTRAINER 300. Off-road motorcycle experience is required. (5 units)
Insurance included.
Gasoline not included. A full tank is delivered and returned full. Liter price €2.
A deposit of €500 in cash is required.
If you want new tires, €100 supplement.
Extreme enduro routes are not done.
Respect the instructions of the guides, traffic rules and slow down in urban areas
In the event of engine breakage caused by mistreatment or over-revving, the deposit is lost and the repair bill from the workshop will be charged.
Maximum speed on asphalt 60 km/H
This is subject to following the guide's instructions and our safety regulations.
The guide may suspend the tour if his instructions are not obeyed.
No money is refunded for suspension of the tour or expulsion of any participant.
How much do we charge? In case of falls and breakages we charge an official price.



1 - Granada - Granada - 0

Granada loop: Starting from our comfortable accommodation in Granada capital, we will warm up our engines as we head to our facilities, there we will have a theoretical class on navigation + driving and motorcycle tuning. We will make a route with stops to test the steps and areas that we will leave. find during the tour. It will also help us gauge the level of the group and adapt the routes. We will continue north along fast trails and tracks that will take us closer to the Sierra Nevada mountains from where we will return to the capital of Granada enjoying magnificent views and, if we are lucky, an unforgettable sunset in front of the Alhambra. Time to recharge your batteries and discuss the best moments of the day with a cold beer and a good dinner with friends.

2 - Granada - Granada - 220

Gorafe Challenge. We hope you have a good rest. Don't forget breakfast, the repairable things, one of the hardest routes of the route awaits you. All kinds of surprises and challenges await us along the way: broken rock tracks, paths between trees, descents along animal trails and technical steps. Departing from Granada, we cross Beas de Granada, we pass through Huetor Santillan, Purullena and Guadix. The Gorafe desert and the 'badland' of Negratín is an extreme, unique landscape, unlike Andalusia, portrayed a thousand times in tourist guides. Nothing in Granada is more unique and remote. We will pass through places definitively forgotten by human activity. We eat at Rest Cueva Tio Tobas leg of lamb. We continue the route towards Baza. We slept at Cortijo Berchel. An incredible place in the middle of the desert. Full gasoline!

3 - Granada - Baza - 190

REST STAGE: After 2 days punishing the physical

We will do a recovery day with a visit to the

SPA in the morning to rebuild our muscles, then we will go on a tapas route through some of the most emblematic bars in Granada and Albayzin, we will taste fried fish, Trevelez ham among other tapas at noon and we will end with a flamenco party at night in the neighborhood of the flamenco Sacromonte, in a cave in front of the Alhambra.

4 - Granada - Granada - 200

5 - Granada - Granada - 200

Departure at 10:00 a.m. Route along spectacular boulevards, doing a mini farewell tour of Gorafe and then entering the mountains along a totally different track than the one we left. Ramblas are typical of Mediterranean and semi-desert or steppe landscapes, with characteristics similar to those of the

Oueds, which predominate in even drier climates. Tasting in Darro of sausages and musts from the area Las Ramblas are channels opened by the concentrated runoff of water during heavy rains, which are capable of excavating the soil due to the force with which the water flows. Arrival in Granada with a visit to Sacromonte where we will have a beer watching the Alhambra for the last time. We will hand out the diplomas and then we will go shower and get ready for the farewell dinner/party.
