Welcome to an amazing 8-day tour in the blazing canyons and spectacular national parks in Nevada, Arizona and Utah. We visit the breathtaking Grand Canyon, Bryce Canyon, Monument Valley, Mexican Hat, Moab, Arches National Park, Zion, and Red Rock Canyon. On our journey, we ride on some exciting roads like Escalante Stairway, Veterans Memorial Hwy (Hwy95) and Oatman Highway. This tour is also packed with fun attractions like Las Vegas (2 nights), cowboy town Williams, and historic Route 66 towns (Oatman–Kingman–Hackberry–Seligman). This is the perfect one-week getaway for a short dream vacation!

1 - Las Vegas - Las Vegas - 0
When all tour participants have arrived, we meet for a welcome greeting and refreshment, with introductions. The evening's program is getting to know each other and we eat dinner together in true American style. Those who are not tired after the long journey may go to a local bar nearby.

2 - Las Vegas - Williams - 451
We start the day with an information meeting, where we cover information about your tour on the Vegas & Blazing Canyons. We also cover practical information & preparations regarding mc and car rental checkout at Explorify Motorcycle Rentals, which has prepared the bike you have ordered. Thereafter, we pick up our bikes or cars. When everyone is ready on their bikes, we start our ride on the 1.254 miles / 2.008 km long Las Vegas & Blazing Canyons tour. This is the first day of desert driving and very hot conditions and with wonderful scenery. We start the day by driving "the strip" and taking a group photo at the famous "Welcome to Las Vegas" sign. Thereafter, we head towards Oatman, an old village in western Mohave (county), which was established by two gold diggers in 1915. Remember to lock your bikes in Oatman and watch out for donkeys & outlaws in the streets. Having absorbed Oatman, we cruise on to Kingman and Hackberry. The roads from Oatman to Kingman have lots of narrow curvy roads at different height levels, with mountain and desert landscapes. Ideal for filming, perhaps the best opportunity on the tour. We stop at a small traditional Route 66 gas station in Hackberry, full of history like taken out of an old movie. We enjoy a Coke in the shade, before driving on to Seligman and Williams, where we stay overnight.

3 - Williams - Tuba City - 222
This is the tour's highlight for many. Welcome to the Grand Canyon! Today will be a spectacular ride to Tuba City. We drive to the Grand Canyon helicopter base. Those who have ordered the helicopter tour will get an experience of a lifetime, truly something you will never forget. To hover in the air over one of the seven wonders and experience this natural phenomenon up close is absolutely magical. Highly recommend! Note: Helicopter rides must be booked in advance. After the helicopter tour, we ride a short trip to the visitor center, where we see the world's most-watched Imax movie. When you see the film, it feels almost like standing inside the Grand Canyon. We also eat lunch here. Then, we drive into the Grand Canyon and spend the rest of the day here. Finally, we set course towards another very famous natural phenomenon; Monument Valley, but first, make an overnight stop in Tuba City.

4 - Tuba City - Moab - 420
We start the day by driving to Monument Valley, one of the world's most photographed natural phenomena. Monument Valley cannot be described in words; it must be experienced. Up close, we experience the classic Wild West landscape of sandstone rock formations. Everything has a reddish shade and is beautiful to look at. It is only when you are in Monument Valley that you will understand how much this area has influenced your perspective on the wild west. These natural surroundings are also other places, but not as perfect as exhibited here. When we ride amongst these majestic rock formations, we are in the middle of the Navajo Indians' area, so you just must get the spiritual mood up. We continue to Mexican Hat, another natural phenomenon. Is it a sombrero or stone formation? Then we head north to Moab, which is located at the entrance of the Arches National Park. This will be a driving distance you never will forget. We spend the evening in Moab's spectacular surroundings

5 - Moab - Hanksville - 283
This will be another tour highlight! We start the day by exploring Moab, Arches National Park (unforgettable rock formations that will take your breath away). Having absorbed Arches National Park, we drive the great Colorado

River Run out from the park towards Red Cliffs Lodge, famous for great lunches. Afterward, we head towards Hanksville.

6 - Hanksville - Kanab - 380

We continue our amazing and spectacular drive through Utah. The national parks come like beads on a string; Goblin Canyon, Capitol Reef, Thousand Lake, and Otter Creek State Park. Best of all is our ride up and down the elevations of the Escalante staircase. We believe you will have a problem stopping smiling. One of the tour highlights is the magic of Bryce Canyon. Bryce Canyons rock formations are difficult to describe, an experience on par with the Grand Canyon. Enjoy! We continue through Dixie National Forest to another great National Park, Zion.

7 - Kanab - Las Vegas - 386

Get ready for another amazing day! We start by driving through spectacular Zion. Besides seeing some of the world's finest rock formations, the roads are particularly curvy here – "the switchbacks of Zion"! Compared to Grand Canyon, Zion radiates a more aesthetic appreciation of nature. When we come out of Zion, it's straight ahead to the neon-lit gambling oasis Las Vegas. We park the bikes and spend the rest of the day exploring this exciting city. This evening you can explore the famous "Sin City" on your own. Enjoy! You are in one of the most fun cities in the world. Las Vegas has it all, amazing architecture, unique shows, casinos and all kinds of entertainment. Vegas is never boring! Most attractions are within walking distance. We highly recommend taking a trip to Caesar's Palace, Bellagio, MGM, Stardust, Treasure Island, The Venetian, Mirage, Wyatt and The Fashion Show Mall (over 200 stores). At the Mirage you will be able to enjoy the evening volcanic eruptions every 30 minutes, turning the garden into a flame show. Inside the casino are rare white tigers. The water show outside the Bellagio is also a memory for life.

8 - Las Vegas - Las Vegas - 0
