Snowmobile Adventure in Lapland

Riding a snowmobile is easy and doesn’t require any previous training. However, to help you make the most of the experience, we offer two types of itineraries, each with two guaranteed departures:

Sport Itinerary – 650 km

A dynamic, sport-oriented adventure for experienced riders.
Designed for pilots with previous experience on individual motorbikes, this itinerary increases the technical difficulty of the tracks, as well as the distance and riding pace.

Discovery Itinerary – 500 km

A private expedition to the heart of the Finnish Arctic.
This route features more accessible trails and a gentler rhythm—perfect for couples or travelers seeking a more relaxed experience.

Ready to explore the wildest side of Lapland on your own snowmobile?

This fully guided 6-day, 5-night adventure is ideal for small groups of friends or couples looking for a unique experience far from typical tourist routes.

You’ll ride through snowy forests, frozen lakes, Oulanka National Park, and cross the Arctic Circle all the way to the Russian border. The journey is scenic, safe, and designed for all levels, with comfortable breaks, cozy accommodation, and traditional Lappish meals along the way.
