A triple snow and ice adventure for motor lovers: "Snowmobile + [Pätsi Racing Ice Car](#) + Ice Karts" adventure we have prepared a winter tripe activity to melt on the ice, **snowmobiles, 200cv cars, and ice karts all in the same experience** of 4 days of activity right in **the middle of the Arctic circle** ... you want it to never end.

Upon arrival we receive you at Kuusamo airport, transfer to the luxurious [Oivangin Lomakartano](#), you can take your first sauna in Finland and relax with your family or friends comfortably and discreetly in its spacious and luxurious private lounges.

First part: 360km in three days of snowmobiling, the first three days to discover the areas of **POSIO and OVANKI** by snowmobile, crossing the **Arctic circle in the middle of Finnish Lapland**. You will drive to the controls of own snowmobile accompanied by an expert guide.

Second part: We organize **Pätsi Racing ICE-DRIVING on the Kurkijärvi lake**. The track is approximately 1 km long and we have 5 powerful BMW 325 (200 hp!) To ride on snow

The program begins with a brief information session. After practicing section + career! The race is timed only 1 driver in each section. The fastest driver wins! We deliver commemorative medals to all drivers.

Third part: to have fun !!!, it is our last day in Finland, before taking our return flight there is nothing more fun and exciting than an informal race with ice karts, incredible skids, track departures and the occasional Touch without consequences ... you will not stop laughing among friends, the rivalry is served.
