This once in a lifetime journey takes you from the emerald waters of Seattle, Washington through the visual splendor of the Cascade Mountains before ascending the Canadian Rockies to bask in the natural beauty of Lake Louise and Banff, Alberta. From Canada we will cross back into the United States through the razor sharp peaks of Glacier National Park and the majesty of Yellowstone National Park and her most cherished treasure, "Old Faithful". Our journey culminates with a ride through the stunning landscapes of Southern Idaho and Northern Utah, and a possible journey to one of North America’s most unique landscape – the Bonneville Salt Flats. We end our journey in the vibrant Salt Lake City nestled between the Wasatch Mountains and the Great Salt Lake.

Highway 9 drops us off at the North Cascades Highway as we head east through what is quite literally some of the most stunning scenery south of the Canadian Rockies. life is all about.

What better way to welcome our group back to the United States than with a ride through the amazing vistas of Glacier National Park. Glacier, the nation’s 10th National Park, is known for its deep glacial valleys and rugged peaks. For motorcycle enthusiasts, it is simply an assault on the senses and offers some excellent riding terrain on one of the National Park’s oldest, historical roads – the Going to the Sun Road. Tonight we will explore the Montanan town of Whitefish to explore it’s markets, bars and live music.

8 - Whitefish - Anaconda - 384 km
As we leave the stateside Glacier National Park, we turn our bikes southeast and explore why Montana is knowns as the Big Sky State! We will stick to the two-lane roads, passing by lakeshores and through the cattle country that defines this area. A stop for lunch in the small, pioneering town of Ovando will give you a chance to feel the extensive Montana history of this area. For thousands of years Native American tribes have made this area home, and later explorations by Merriweather Lewis and mining discoveries created this town. Our day ends at the resort of Fairmont Hot Springs where we can soak in the hot water and celebrate our day.

9 - Anaconda - Red Lodge - 515 km
Today we will continue to explore some of the pioneering history of Montana, stopping in the historical gold-mining towns of Virginia and Nevada cities. If you haven’t felt it before, you will definitely feel as if you’ve stepped back into time in the old West. We will cruise at a nice easy speed, stopping often to capture awe inspiring photos of the scenery and glimpses of wildlife. When this day is over we will all look at one another with a big grin and wonder out loud if today was all just an amazing dream. We will stay tonight in the classic western town of Cody, Wyoming, once home to Buffalo Bill Cody. After dinner you can walk down the street to enjoy some local history or head to the local Cody Rodeo to watch cowboys on bucking broncos and bulls. It’s the Wild West!

11 - Cody - Cody - 0 km
Today is your day to simply kick up your boots and relax in Cody. Incorporated in 1901, Cody, Wyoming is located 52 miles from Yellowstone National Park's east entrance. Cody was founded by Colonel William F. "Buffalo Bill" Cody who passed through the region in the 1870s. He was so impressed by the development possibilities of irrigation, rich soil, grand scenery, hunting, and proximity to Yellowstone National Park, one of the most amazing landscapes and wildlife habitats on the planet, that he returned in the mid-1890s to start a town. Cody has many activities to offer - from white water rafting to experiencing the amazing Buffalo Bill or Cody Firearms museums.

12 - Cody - West Yellowstone - 284 km
We are running out of adjectives to describe this incredible region of the world and today is no different. Today will be spent winding our way through parts of Yellowstone National Park, stopping to experience the majesty of Yellowstone Falls and the Grand Canyon of the Yellowstone, Mammoth Hot Springs, Hayden Valley and all of its extraordinary wildlife. Tonight we will stay on the edge of the park in West Yellowstone so we’ll be primed for more

Park exploration in the morning!

13 - West Yellowstone - - 204 km

This morning we will ride through geyser country to have a coffee and watch the greatest geyser of all do its thing – Old Faithful! From here we will make our way along Jackson Lake and in Grand Teton National Park for scenic stops and lunch. Jackson is home to sprawling cattle ranches, celebrity estates and roaming herds of buffalo. Tonight we will enjoy the vibrant nightlife of Jackson Hole.

14 - - Ogden - 410 km

We will start our ride today by descending through the twisty Snake River Gorge as we leave the Grand Teton National Park and spend the morning exploring the gentle landscapes of Idaho and Utah as we travel though areas with names such as “Tin Cup Pass” and “Soda Springs.” Lunch is along the shore of the impossibly-turquoise Bear Lake before we take a ride across the Wasatch Mountains through Logan River Canyon. Our evening will be spent exploring the bars and restaurants of Historic 25th Street. With nicknames like Notorious Two Bit Street and Electric Alley, this street was once home to brothels, political scandals, and the “dark ages” of gang rivalries so intense you couldn’t walk the three-block length in safety. Today, 25th Street is a mecca for travelers, art collectors, foodies, and adventurers.

15 - Ogden - Salt Lake City - 160 km

On our last day of riding we will continue our exploration of the Wasatch mountains with its lakes, foothills, rocky peaks and famous ski areas such as Park City. A wonderful way to spend our last day on two-wheels together! Tonight we will celebrate our adventure at one of SLC’s famous brew pubs where we will enjoy one another's company one last time at our Farewell Dinner and raise our glasses to incredible journeys, lifelong memories, and, most important, the kind of friendships that can only be forged on the road.
