This motorcycle tour runs through the peninsula of California from Los Angeles to Cabo San Lucas and vice versa ... where we will ride for 14 days in incredible places and practically every day we will see the sea on our motorcycle.

You can see giant cactus, taste the authentic cuisine and an impressive landscape. Please keep in mind that you must add Mexican insurance for this tour.

**1 - - Los Angeles -**
Welcome to Los Angeles. On the eve of this incredible journey you will meet up with your fellow riders for an orientation meeting at the hotel as we prepare to ride through some of the greatest and undisturbed desert roads left in North America. Your tour guide will provide you a thorough overview of what to expect in the coming days and answer any last minute questions you may have. I'm sure there may also be cold drink or two to be shared.

**2 - Los Angeles - Ensenada - 341**
After our welcome breakfast we pick up our motorcycles from our base. Shortly after we are on the road cruising south along the California coastline to the border at Tijuana, Mexico. About an hour after we have entered Mexico we will reach our final destination for today, the bustling port town of Ensenada. Tonight we will enjoy a delicious gourmet dinner made fresh from the local catch. Watch the sunset over Ensenada Bay and it won't take you long to realize you are on the cusp of something special.

**3 - Ensenada - Cataviña - 370**
We head south on Mexico Highway 1 leaving the busy border towns behind as we ride south. We dive deeper into Baja where Cirio trees and giant Cardon cacti begin to appear alongside the road. We enter the Vizcaino Desert, one of the most fascinating desert regions on this continent, and experience expansive views of boulder formations, rugged hills and dense desert vegetation. We arrive in Catavina just in time to watch the desert sunset behind huge boulders and Cardon cacti. We have a long ride tomorrow so be sure to get a good night's rest.

**4 - Cataviña - San Ignacio - 613**
Today we cross the state line from Baja Norte into Baja Sur. You will notice a change in landscape as we ride over several 3,000 foot summits, past flat topped volcanic cones and cactus covered hills into the charming pueblo San Ignacio, an authentic desert oasis located at the bottom of a wide arroyo with date palms and a natural spring fed pond where we overnight.

Founded in 1697 by Jesuit Missionaries, Loreto is the oldest Spanish settlement on the Baja peninsula. Back on the road we ride via Santa Rosalia to San Ignacio where we take an ice cream break in the town plaza. From San Ignacio we continue across the barren Vizcaino desert to our hotel in the town of Guerrero Negro, just south of the Baja California Sur state border. The area around Guerrero Negro is part of the El Vizcaino Biosphere Reserve, designated a World Heritage Site by UNESCO in 1993, which encompasses bays, lagoons, vast expanses of the Sonoran Desert and the rugged Sierra Mountains. Ensenada is famous for it's fish tacos and Hussong's Cantina, Baja's oldest bar.Before we reach Ensenada, we will visit La Bufadora – a place the ocean waves get forced up through a crack in the cliffs and create a sizeable geyser. The area around La Bufadora is filled with shops and you will have a chance to try a stuffed barbecued giant clam Baja-style! Enjoy your last evening south of the border.
