All motorcycle riders dream to do Route 66 once in their lives... If you don't have enough time to organize it, we can offer you a guided West coast tour.

This tour starts in Los Angeles and finishes in Las Vegas, it's a total of 8 days of which we ride across the R66 during 6.

2300 km in California and Arizona. We'll pass through: Amboy, Kingman, Seligman, Hackberry, Williams, Oatman, Palm Springs, Laughlin, Grand Canyon NP, Monument Valley, Bryce Canyon NP, Zion NP, and of course, Las Vegas.

1 - - Los Angeles -
Once you get to Los Angeles Airport, please take the shuttle bus to your hotel, which is close to the airport. There, our colleague and guide will be waiting in the lobby to explain everything you need to know about the trip! At night, all travellers will meet for a big celebration dinner in one of our favourite restaurants and enjoy the nightlife in the area.

2 - Los Angeles - Palm Springs - 306
We will start the day with a Welcome Breakfast, and after that we will take you to Los Angeles where you will pick- up your bike. We'll have a brief orientation, and we'll ride south and west through the road until we get to Lake Elsinore. We'll have lunch, and we'll enjoy the windy mountain roads to the San Bernadino National Forest, skirting the slopes of San Jacinto Mountain. We'll descend the mountain through a spectacular route into Palm Springs, and we'll reel in the first night among the Palm Trees and nightlife that characterise this particular town.

3 - Palm Springs - Laughlin - 374
We will start our day going around Joshua Tree National Park. It is home to desert trees and incredible rock formations. After that, we'll descend into Twenty-Nine Palms, and we'll face the great vastness of the Mojave Desert. There starts our legendary route of The Main Street of America: Route 66. We will enter through the famous point Roys in Amboy. We'll remain on RT 66 all day, and we'll have the opportunity to go through the desert, cross the state line, and pass to Nevada. We will spend the night in Laughlin.

4 - Laughlin - Grand Canyon - 394
We keep riding on the incredible R 66, arriving to Arizona, stopping in Oatman to see wild animals and getting to Kingman, which is said to be “The heart of Historic Route 66”. It gets this name because it is located in the centre of the longest remaining stretch of the famous “Mother Road”. After that we'll go from Kingman to Seligman, another stretch left standing of Route 66 that follows a loop on the north until the Hualapai Indian Reservation. It's time for lunch now, and leaving Seligman we'll head straight towards the impressive Grand Canyon: it is one of the most wonderful sights a person could ever see!

5 - Grand Canyon - Oljato-Monument Valley - 274
We'll stay at the Grand Canyon to appreciate the great views. Then we'll go along the South Rim for a while until leaving through the East entrance of the Park. Right after, we'll see the amazing Monument Valley. The valley is a sacred property of the Navajos and also a classic Wild West landscape. We'll get to see the stark sandstone buttes and natural rock monuments that come to view in the immense expanse of red sand. At this spot you will realize how your idea of the West has been severely influenced for this one spot. Even though those formations exist in other places, this particular one is a unique sight in the world, perfectly shaped. In the evening you can choose to descend into the Valley with a Navajo Guide that will take you to exclusive parts of the Valley and tell you their stories of this spiritual corner of the world.

6 - Oljato-Monument Valley - Bryce Canyon City - 547
From Kayenta we will ride up to sleepy Mexican Hat, briefly a frenzied gold-mining camp, which takes its name from a riverside sandstone hoodoo – it actually looks like a south-of-the-border sombrero. We ride on past the Valley of the Gods, where much of the movie “Thelma and Louise” was filmed, and cross the Colorado River where it pours into Lake Powell. Lake Powell has 1960 miles of shoreline, which is more than the entire Pacific Coast and 96 water-filled side canyons. We ride along the southern tip of Capitol Reef National Park, across aspen-covered peaks, along the buff-colored sandstones

of the Devil’s Backbone, through the Escalante Wilderness, and finally to Bryce Canyon, where we overnight. This is a day you'll never forget!

7 - Bryce Canyon City - Las Vegas - 403

When we wake up, we'll be able to visit the fantastic Bryce Canyon before we head to Zion National Park. We'll see the most beautiful rock formations on earth, and we'll ride along the switchbacks of Zion which will leave you speechless. At this point, we'll be a short ride away from Las Vegas! Where neon lights and gambling work 24/7. We'll stay downtown, and later at night we'll have or farewell dinner.

8 - Las Vegas - -

We hope you had a great time during our motorbike tour. Please let us know if you would like to spend more days in Las Vegas or if you'd like to rent the motorcycle for a few more days. We'll arrange it for you.
