Have you always wanted to do the North Cape route, but don't have time? We make it easy for you.

This route starts from one of the most famous ski resorts in Finland (Levi). The route goes directly to the Norwegian border and continues to the North Cape. From where we will go down to Lake Inari in western Lapland, to the other famous Saariselkä ski resort and from here, back to Levi. We will travel about 1500 km through the most beautiful routes over the Arctic Circle!

We offer this tour in 2 ways; For lovers of dirt tracks, we have an option with around 60-70% dirt routes and the other option is only on asphalt. (We will explain the asphalt route, but if you want to do the mixed route, you just have to tell us.)

In the paved version, we stayed in Honningsvåg for two nights, 30 km from the North Cape. Then we spend more time in North Cape and we will shoot around Magerøya Island, where other activities are also possible. For example, try to catch king crabs with a beautiful boat tour! In the asphalt version after the night in Inari, on the last day we drive directly to our base. On the gravel version, we only stayed one night in Honningsvåg and we are going to enjoy a fantastic loop to the east of Lapland and from there to Saariselkä with approximately 250 km more of piloting!

Tours always start on Monday and end on Friday.

We recommend spending more days in fantastic Lapland before or after the tour. The nearest airport is Kittilä (20 km), where there are only a few flights each day.

Another possibility is to fly from Rovaniemi, where there are many more flights and many things to see. Rovaniemi is the capital of Lapland, where the home of Santa Claus is located in the heart of the Arctic Circle. (It is worth the visit!)
