If you are here, it's because something inside you might be asking for more. Are you looking to break free from routine? Maybe. Seeking intense emotions? Or perhaps feeling the ultimate freedom. There could be many reasons. That's why I'm presenting you with a unique opportunity: an **adventure motorcycle tour in Morocco**. A motorcycle trip through the Atlas and Sahara regions. Why? Because Morocco is a true paradise for enduro enthusiasts.

Just remember this: six days riding a KTM. Days spent traversing dunes, trails, paths, dry rivers, endless plains, gorges, and canyons. Sounds good? Well, that's not all. This off-road motorcycle tour is designed for you to enjoy motorcycling in its purest form, without ever sacrificing luxury and comfort. We offer the **best hotels where you'll spend your nights in Morocco**.

Moreover, **all meals are included**. Breakfasts and dinners in buffet style. You need to recharge your energy. During the rides, you'll have lighter meals to keep you fueled.

Route Plan for this Motorcycle Trip in Morocco

Your motorcycle tour in Morocco starts by flying to Fez. There, I will pick you up and take you to our base in Midelt. You'll meet our guide and his excellent team. They will accompany you on this journey.

But let's get to the point. What’s the route plan for this trip? Very simple! **Each morning**, you'll **enjoy a good buffet breakfast**. Then you'll hit the road with your bike. Each rider can go at their own pace, as all **bikes are equipped with a *Road Book* and GPS.** This adds an extra layer of safety on the route. We avoid accidents by not forcing a certain pace. You'll take a **break every 50 km**. During these stops, we ensure that the group and the bikes are in perfect condition. **By the end of the day, you will have covered between 200 and 250 km**. How does that sound? Kilometers filled with adrenaline and memorable Moroccan landscapes.

T**his enduro motorcycle tour in Morocco lasts 8 days**, from Saturday to Saturday. **You'll ride the bike for 6 days**, from Sunday to Friday. That same Friday, you'll return to Midelt after the ride. Finally, a minibus will transport the entire group to Fez. This will be your last night in Morocco. Don’t forget to visit the medina of Fez el-Bali. It's the largest pedestrian area in the world and was declared a UNESCO World Heritage Site in 1981.

And now what? It's time to take the leap. Dare to join an adventure you'll remember forever. Contact us to learn more about this motorcycle trip in Morocco.

The organization provides GPS units installed on the motorcycles, loaded with the daily stages and routes prepared with waypoints marked 50 m after each junction, allowing compass-pointer navigation together with the roadbooks — RAID-style navigation — with checkpoints and regrouping points.
In addition to carrying the riders' emergency luggage, it transports supplies, a cooler with cold drinks, the necessary spare parts to repair any incident, a first-aid kit, and a folding stretcher.
The assistance team follows the same track as the motorcycles and has the capacity to transport both the bike and the rider if necessary.
A support van from the organization follows a parallel route by road, carrying out checkpoint controls.
It transports each rider's individual luggage, labelled and delivered to the hotel, where it also manages your check-in and gives you your room key, saving you the hassle of dealing with hotel reception.
It also carries a trailer with a replacement motorcycle if needed. Complete protective gear can be rented for €120 for the entire week, including helmet, boots, gloves, chest protector, knee guards, elbow guards, neck brace, pants, jacket, etc.
