On this motorcycle trip of 7 days, we propose an enduro route through Finland that includes enduro routes in Jämsä, a very quiet city, well located. This city lives almost all year dedicated to the motor world. Having a network of trails of more than 500 km suitable for the enduro and with permission for this activity.

We will ride 4 days (3 mornings and 1 complete day)

Our stay is in luxury wooden houses facing Lake Pääijänne (the second longest in Finland, which measures 270km long and an average temperature during the summer months of 22º). They are equipped with all the comforts and located inside a ski resort where you can perform more activities once the enduro route or rest days are finished. (if there is any desire) although our routes are adaptable to all levels. It is recommended to arrive in Finland in the morning, because if you arrive in the afternoon, you will lose your motorcycle trip and you will have to pay an extra night € 60

1 - - Jämsä -
We arrive at Helsinki airport and from there we have to take a train to Jamsa, once in Jamsa they will come to pick us up to take us to the base. We will stay in some beautiful cabins on the lake bank, upon arrival, we can leave the suitcase and relax for a while, before the motorcycles are delivered to us to go out to test the mounts. We can also take a good swim in the lake.

2 - Jämsä - Jämsä -
Today we have to start the ride, we will enjoy a good start that will last all morning in which we will enter the forest, alternating slow sections of logs, roots and rocks, with wide and fast trails to be able to catch a good rhythm. We will ride 4 hours during the morning ... The level of the participants will be taken into account to adapt the adventure to their possibilities, in addition to making stops to regroup the participants. Relax in the afternoon

3 - Jämsä - Jämsä -
Today will be a day to relax and do some activity near the lake, such as cayac, Quad and finally we can also go to visit Himos Lomat.

4 - Jämsä - Jämsä -
Today is presented as a very exciting day since we will do a longer route where we will find dificult traks and we can also enjoy a time trial in sand (between us). To finish we will have a good meal on the shore of the lake and a good bath for dessert.

5 - Jämsä - Jämsä -
One more day we go out with the motorcycles to enjoy narrow and muddy roads, we will drive about 4 hours to eat again and spend the afternoon relaxing near the lake ...

6 - Jämsä - Jämsä -
Today is our last day, so we have to make the most of it, in the morning we will go out to shoot for 4 or 5 hours, until lunchtime, and in the afternoon, we can relax in our cabin, go for a walk, or whatever we want.

7 - Jämsä - -

Depending on what time our flight leaves, they will take us to the train station to return to Helsinki to fly back home.
