A 4-day SIDECAR route discovering one of the most spectacular areas of Catalonia, the southern Pre-Pyrenees.

In this environment we will discover, the regions of La Garrotxa, Ripollès, Osona, La Selva, El Gironès and Pla de l'Estany converge.
Starting from Barcelona with our sidecars, and after traveling an exceptional route, we will arrive at an ancestral and exclusive 14th century farmhouse, where we will stay for 4 days. Exquisite interior design full of perfect details and beautiful corners, where dreams come true. A space surrounded by nature with a unique atmosphere, in addition to a large and beautiful garden, which merges with green meadows, surrounded by the magical mountains of the Vall de Bianya.
From this enclave, we will discover different routes in this part of the Pre-Pyrenees. Routes that cover spectacular and hidden roads, charming medieval towns, dream forests and amazing mountains. Pre-Pyrenean gastronomy is also an important part of this attractive route.
A route to share with your partner. Discover the magic and the pleasure of filming in SIDECAR through one of the most unknown and beautiful places in the Catalan Pre-Pyrenees.

1 - Barcelona - La Vall de Bianya - 160
After a first contact with the sidecar in Barcelona, we get going with our own vintage clothing.

On this first tour, we will be amazed by the secret route prepared by our guides. Lunch at mid-morning and lunch in a very special enclave, we continue with the rest of the route that will take us to our farmhouse (base camp). We settle down and have dinner, Ummmm!

2 - La Vall de Bianya - La Vall de Bianya - 150
Breakfast in the farmhouse, with exquisite local products. Our SIDECARS await us to start a spectacular day, with a surprise route through the remote Pre-Pyrenees. Along the way, we will discover enigmatic paths that cross lush forests with impressive landscapes that emerge in the distance and ancient medieval villages. A secret that will be revealed in each kilometer of our journey.

3 - La Vall de Bianya - La Vall de Bianya - 130
The comfort and charm of traveling in SIDECAR allows us to enjoy the unknown landscaped treasures hidden in this Pre-Pyrenean area. Roads that run through slopes and valleys of magical mountains, where the view is lost in the night of time. The sensations that Royal Enfield transmits with SIDECAR are unique. Like feeling immersed in a movie, where the only protagonists will be us.

4 - La Vall de Bianya - Barcelona - 160
After having breakfast in our charming farmhouse, it's time to collect the luggage to start the journey back. But we have the whole day ahead, with a new route to discover. We will eat during the journey and enjoy one more day with our friends from SIDECAR.

We hope you enjoy this amazing tour on a Sidecar!!
