Motorcycle Enduro off Road tour in Nepal

Motorcycle Enduro off Road tour in Nepal

Duration	Difficulty	Support vehicle
7 días	Normal-Hard	
Language	**Guide**	
en		

There is no words for this motorcycle tour in the nepali himalayans...

We will discover the most incredible off road traks and ride our bikes to the limit in the most unaccesible roads on the planet...

Can you imagine? Don't imagine, just come with us and ride this incredible motorcycle tour

1 - Kathmandu - Kathmandu - 0 km

Day 1 I will meet you at the airport and take you to your hotel in Thamel. Thamel is a tourist hub in Kathmandu. All the benefits for tourists are concentrated here. Hotels, restaurants, travel agencies, all kinds of shops and souvenir shops. If you arrive in the morning, then after a short rest we will have time to visit the Monkey Temple (Swayambu). We can also go to the Shiva temple in Pashupatinath - a place where adherents of the Hindu worldview are cremated on the Bagmati River. In the evening, I will tell you in detail all the nuances of driving a bike in Asia. Tomorrow is our first day on the road. Rest and prepare...

2 - Kathmandu - Bandipur - 110 km

Day 2 Go! After breakfast, we will break out of the embrace of Kathmandu and rush towards the big mountains. Getting used to the bike and traffic. Today, all day long, we drive along serpentines, along asphalt to the cozy town of Bandipur, which is located on top of a huge hill and is famous for its views of the Himalayan range.

3 - Bandipur - Annapurna - 80 km

Day 3 Today for the day, we will gain about 2000m in height. Tomorrow we still have a kilometer of climb, so we need acclimatization and today we will not go higher. We drive along the gorge, between two giants - Annapurna and Manaslu, a mountain river flows below, peace and grace around, which is blown up only by the measured hum of our motors. In the evening we will find ourselves in alpine landscapes, in a pine forest, where we will spend the night in the clean mountain air.

4 - Annapurna - Manang - 110 km

Day 4 Today is a very busy day. We will see the mirrors of Time - Muldashev and crystal mountain rivers and lakes. By lunchtime we will reach the destination of our trip - Manang, and drive around its surroundings. We will see the archaic life, ancient monasteries and the hospitable faces of the highlanders covered with a severe tan.

5 - Manang - Gorkha - 110 km

Day 5 After a day of skiing on dirt roads in the gorge, having passed through all climatic zones, in the evening we will get to the asphalt road, which will lead us to a cozy hotel at the very exit from the gorge.

6 - Gorkha - Kathmandu - 90 km

Day 6 We return to Kathmandu. 170 km of asphalt serpentines along the Himalayan ridge. Last glances at the big mountains, lakes and rivers and by the evening we are in the capital. Souvenirs, gifts and our last joint dinner on this trip. I really hope that you enjoyed this short but very interesting motorcycle trip around Nepal.

7 - Kathmandu - Kathmandu - 0

Day 7 Departure The program of this day, as well as on the first day, depends entirely on the time of your departure. If the departure is in the morning, then

I will arrange a transfer and take you to the airport. If the departure is in the afternoon or in the evening, then we have every chance to spend time in Kathmandu with maximum benefit. As it is not sad, but our trip to the Himalayas is over. Here is a map of the route traveled, and ahead of you is the road home and meeting with loved ones! 100% will have something to tell and show them! A full-fledged baggage of off-scale emotions and unusual stories from the trip is guaranteed!) I, in turn, will perpetuate our trip on video and willingly share it
